

job experience

Jr. UX & UI Designer @ Thinks Mobility

April 2021 - May 2022

Part of a 4 people design team, we provided market research, quantitative user research, business plan, interface design and content writing and UX writing.

Business Technology Consultant @ Ernst & Young

July 2019 - October 2020

I participated IT consulting projects and performed IT audit on service designs in compliance with the law. I experienced projects from start to finish both individually and also worked with larger teams, based on the scope.

as a student

Country Sales and Marketing Fixed-Term Intern @ Bosch Turkey

September 2018 - July 2019

In my senior year, I scheduled my classes for 2 days a week and other 3 days I worked as an intern with an amazing team in Bosch Turkey. I participated projects on customer journeys, customer experience and yearly project planning.
